Courseware | Grades 6–12

imagine edgenuity

Online Solutions to Support Adult Learners

Imagine Edgenuity® is a leading provider of online learning solutions for basic education and GED® preparation. By combining the best instructional design, engaging content, and immediate feedback for students, Imagine Edgenuity courses help students attain the skills they need to reach their education and career goals. The program is designed to motivate and support all students, particularly those who have not succeeded in traditional classroom settings.

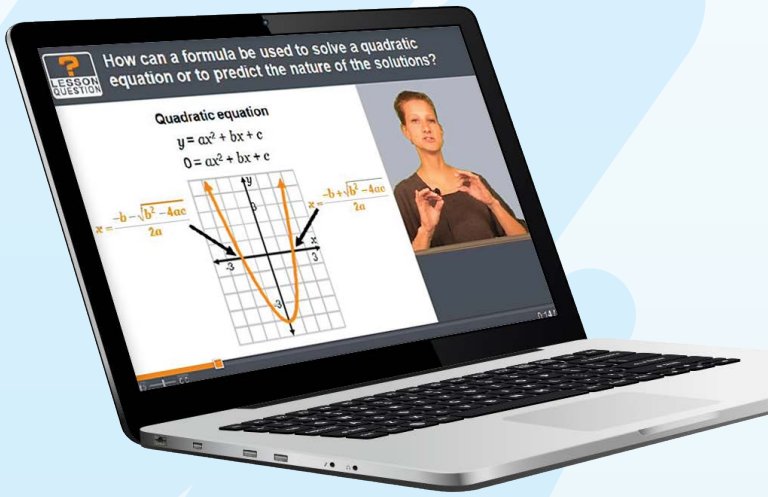

IMAGINE EDGENUITY OFFERS:

- Completely online, independent learning
- Video-led instruction
- Vocabulary development
- Animation/simulations
- Exploration activities for extension
- Formative and summative assessments
- Self-monitoring options
- Student progress management

Basic Education

Courses provide adult learners with the academic skills necessary to prepare for and master the GED®. Additional content includes career planning, computer skills, and strategies for study skills in courses such as:

- Computer Applications
- Strategies for Academic Success
- Career Planning and Development

GED® Test Preparation

Provide academic support for students preparing to take the GED® exam in all four test areas. This program is modeled after the actual GED® exam, using relevant content for optimum test preparation.

- GED® Social Studies
- GED® Science
- GED® Reasoning through Language Arts
- GED® Mathematical Reasoning

- Imagine Edgenuity courses build critical concepts and skills in algebra and other higher-level math courses.
