imagine edgenuity

Implementing AP® Courses in Imagine Edgenuity®

Imagine Edgenuity offers select Advanced Placement® (AP) courses as part of our curriculum suite. While students in AP courses have access to all the features and benefits of any Imagine Edgenuity course, there are also key requirements put in place by the College Board that must be followed in order to use the AP designation on student transcripts. The information below will help you implement Imagine Edgenuity AP courses in full compliance with the expectations of the College Board.

Required textbooks and supplementary texts

AP programs are rigorous, college-level courses. As such, they require college-level textbooks and supplementary texts and highly qualified teachers. While some Imagine Edgenuity AP courses have embedded digital texts, other Imagine Edgenuity AP courses require a separate textbook purchase, as indicated on page 2 of this document. These textbooks should be purchased before students begin the course. Imagine Edgenuity does not resell the books, as they are readily available through traditional and online booksellers. Note that U.S. History requires a textbook; however, an open-source option is available for students who prefer a no-cost, online option.

Hands-on lab requirement for AP science courses

Imagine Edgenuity's AP Environmental Science course includes the option for hands-on labs, but schools may elect to offer the course without requiring these activities. The course also includes sufficient virtual labs to meet the College Board requirements. AP Biology requires wet labs; virtual labs are not an acceptable alternative.

Imagine Edgenuity courses are AP certified

Imagine Edgenuity's AP courses have been authorized by the College Board. It is the school's responsibility to ensure that the courses have been applied to your school's AP listings.

Can AP courses be customized?

Yes — although, if the customizations are significant, teachers must submit a new syllabus to the College Board for review and approval.

To list an Imagine Edgenuity AP course under your school's AP offerings:

1. Log in to the AP Course Audit website.
2. Select the option for Online Providers.
3. Click on Imagine Edgenuity.
4. Select the course(s) you will be offering.
5. These courses should then appear on your school's profile in the ledger of authorized AP courses.

To begin the AP Course Audit

AP Coordinators should call the College Board at 1-877-APHELP-0, 8am–8pm EST

AP courses that require a textbook are listed below. For the full list of AP courses available in Imagine Edgenuity, please see our course catalog at imaginelearning.com/edgenuity/#course-lists

Imagine Edgenuity AP Courses	Required Text(s)	ISBN-10	ISBN-13
Biology	Urry, Lisa A., Cain, Michael., Wasserman, Steven., and Minorsky, Peter. Campbell *Biology in Focus,* 4th ed. Pearson, 2024.	0134710673	9780138255213
